

To strengthen our team at our headquarters in Glottertal (near Freiburg), we are looking for a

# Project Manager (m/f/d)

for a permanent, full-time position.

## This is us:

For 50 years, the owner-managed BEHA Group has been characterised by consistent customer orientation, excellent quality and innovative technologies.

Our electronics division, HDT, focuses on the development and production of measurement technology for globally active brands and 'hidden champions'.

As a fast-growing company, we rely on forward-looking solutions for clean-tech applications, including e-mobility and renewable energies.

Performance-related pay and a good working atmosphere are a matter of course for us.

## Your responsibilities:

- In this position, you are responsible for all activities involved in transferring a product idea to mass production.
- Your main tasks include coordinating internal and external project teams and ensuring a smooth transition to production.
- You will be in close contact with our employees in China and Serbia as well as with our international customers. Regular trips to our HDT locations and customers are part of the job.
- Even in dynamic and demanding situations, you maintain an overview and focus on the key project parameters: quality, costs and schedule.
- This position offers you a great deal of creative freedom, room for innovation and creativity, as well as short, solution-oriented decision-making paths.

## Your profile:

- Completed technical studies or comparable training
- Experience in development, project management and/or product management – ideally in the field of small electronic devices
- Independent and goal-oriented way of working
- Ability to coordinate a virtual team
- Willingness to travel 30% of the time
- Good knowledge of English

## Have we sparked your interest?

Then we look forward to receiving your detailed and informative application documents, including salary expectations and earliest possible starting date.
